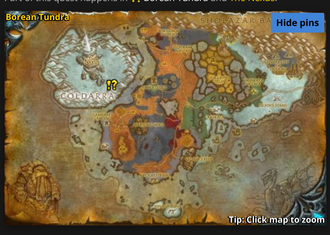
Relevant Locations

Part of this quest happens in ⁉ Borean Tundra and The Nexus.



Description

Archmage Berinand is the Kirin Tor's foremost authority on Malygos. He's spent his life studying the aspect and his behaviors.

Recently, he loaned me his research on the Arcanomicron, some sort of map that Malygos is trying to assemble. I made the mistake of discussing it with a group of Horde adventurers while they were restocking their goods here - and now it's gone!

It must have been them, <class>. Please, follow them into the nexus and recover the book before Berinand comes to recover it.

Progress

Completion
