Secrets of the Ancients

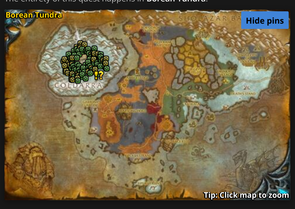
Links

Archmage Berinand in the Transitus Shield wants you to collect 3 Glacial Splinters and 3 Magic-Bound Splinters from the Ancients in Coldarra.

- Glacial Splinter (3)
- Magic-Bound Splinter (3)

Relevant Locations

The entirety of this quest happens in **Borean Tundra**.



Description

It's become clear that the instability in the region has had an effect on its indigenous creatures.

I've taken a particular interest in the Glacial Ancients and their recent adaptations. I suspect that their transformation into these 'Magic-bound' Ancients may hold clues to our predicament here.

For my studies, I'll need samples from both. Do hurry....

Turn around the Nexus there are all the Glacial Ancient and the Magic-bound Ancient. There's not a specific spot somewhere where they are.

Good luck! (easy quest)

No exclamation point above Archmage Berinand's head...
Checked my quest log and confirmed I have not done this quest before.

There are two different types of ancients to kill. FYI only one group member can loot! They surround the Nexus Mountain.
