417 This quest was confusing as hell for me so thought i'd contribute :p

1. Kill Warlord Zimbo. He's on the ground floor in the biggest hut in ZebHallak
2. Get the ruby. This is done by cogwheel using the Seer, which is the big glowing thing on top of the temple.
3. Use the elixir that the quest giver gave you, at the fire (brazier), also atop the same temple.

Good luck.

> 36 1. Coords for him are 14,37. He is in the bottom floor of the hut right next to the fire. 2. Coords for this are 17,36. It is ontop of the stone structure as was mentionedand is surrounded by blue fire. 3. Coords are the same as step 2, a few yards west of the statue. What wingman says is correct I just thought I would add some coords for people who are completely lost.

86 Step 1: Go to 14.36, kill Warlord Zimbo. Pick up his Mojo.

Step 2: 17.36, click the glowing shrine and get the jewel.

Step 3: Summon Drakuru, his brazier is right in front of the shrine.

By **156546** (873 – 8·10) on 2009/01/24 (Patch 3.0.3)

29 If you abandon this quest, to get it again you will have to:

Go to Zeb'Halak, kill Warlord Zimbo (14.36), loot Zimbo Mojo, use the elixir at Brazier (17.36) to summon Drakuru,

then you have 5 mins to run to Drak Zin (13,60) to meet summoned Drakuru at Brazier there

then you get quest and can come back to Zeb'Halak, kill Zimbo for Mojo, get Eyes, summon Drakuru, get followup...

Took me a while to find this out... :O

3 Zim'bo currently respawns less than a minute after you've killed him.
If you complete this quest but fail to collect the next one, you will need to kill Zim'bo for his mono again to continue the chain.

2 Subject: *"Right-Click On The Elixir!"*

Just completed the quest today. When you have the elixir, the gem, and the mojo, you must right-click on the elixir while standing by the brazier.

By **OldSubSailor** (1,725 – 10·6) on 2022/10/23 (Wrath of the Lich King)

2 When I clicked on the flask at the brazer, I get a message that reads "Return to the Image of Drakuru at Zeb'Halak in Grizzly Hills." He never appeared.

1 Subject: *"How to do it!"*

Go North, to 15,36 and find a large hut, kill tZim'bo inside it to get his mojo.

Up top of the Temple at 17:36, click on the Statue to get the eyes.

Once you have both, use the elixir to complete the quest

1 Subject: *"A bit easier way to approach the hut."*

When you get to the river, head west. You want to end up just above the "z" in zeb on the map. Hut right there and from the window, you can see Zim'bo.

1 Subject: *"Quest won't complete"*

Is anyone else having problems completing this quest? I have the Eye of the Prophets and successfully get Drakuru at his Brazier, but then nothing. The "Eye of the Prophets" is 1/1 but the quest won't complete. What am I doing wrong?

> 0 The last several posters were probably all at the first braizer where you first summoned Drakuru. For the second quest you must be at the second braizer at coordinates 17,36 --- right in front of the statue you just took the gem from.

-1 In Zeb'Halak:

At the top of the temple with the load of steps, kill the guards and you can loot the eye from the statue.

The hut just to the right of the foot of the temple stairs *as you are looking at them* should house Zim'bo

Behind the temple there is a small section of wall that has a few columns on it, the pedestal is there against the wall on the side facing the temple.

> 1499 on 2008/08/03 (Patch 2.4.3)
> 0 He spawns in a random hut. If you're doing /target to find him, look for Warlord Zim'bo, not just Zim'bo.

By **jason15ju** (10,381 – 2·23·37) on 2008/11/18 (Patch 3.0.3)

-1 its worth noting, you can get Zim's mojo even while on the first quest...with such a poor respawn time, its worth going after him even if your not on the second part just yet.

> 309394 on 2009/04/02 (Patch 3.0.9)
> 0 Poor respawn time? that must have changed. I barely had enough time to loot the one I had just killed before he attacked me again!

By **116011** (526 – 12) on 2008/11/22 (Patch 3.0.3)

-1 poor respawn time? they must have changed something... killed him 4 tmes to make sure i'm right.. he respawned in exactly 30 seconds each time .

By **261628** (217 – 3) on 2008/12/05 (Patch 3.0.3)

By **202640** (632 – 6) on 2008/12/06 (Patch 3.0.3)

-1 Go up the stairs on the stone-building in Zeb'Halak to get the eye. Zim'Bo is in one of the bigger tree huts.

Delivery: Summon him, and deliver at the temple where you get the ruby. Don't go back where you first summoned Drakuru.

*edit 12/23/08 the mojo is not able to be used at the altar, instead the elixir, the purple vile is the one you want to use, quest complete!

-1 Does anybody find it strange that Blizzard has our characters going on quests that involve us drinking elixers made from Troll mojo, possibly referring to the same type of mojo that is talked about in the movie "Austin Powers"
