This is the Ring of Blood of Northrend apparently. (Check This post @ mmochampion for screenshots.)

According to the quick research I did, these are the order of the quests, from first to last:

The Amphitheater of Anguish: Yggdras!
The Amphitheater of Anguish: Magnataur!
The Amphitheater of Anguish: From Beyond!

They are four different Elemental Lords, one of each element (fire, water, air and earth). The lord you will have to fight is chose randomly when you begin the quest. The four different lords are :

- Ar'Barin, Prince of the Gust (Air)
- Duke Singen <The New Hotness> (Fire)
- Erathius, King of Dirt (Earth)
- Gargoral the Water Lord (Water)

Each Elemental lord his followed by Fiends of his type.

You dont need any pre-quest for this, just level 75.

we threne manned it just now.

lvl 75 enhancement shaman
lvl 75 blood death knight
lvl 76 retri pally

its hard but not impossible. had to allow a few minutes between fights for totems etc but just did it. in the last fight make sure someone steals his mount, that made all the difference

Subject: "stort?"

Unless the posting here is trying to say that you need the Nagand, *Ring of Blood* first, you do not start with Gurgthock.
The guy standing next to Wodin the Troll-Servant has the start of this quest, (sorry, I did not write down his name before I left the area.) Wodin is where you turn it in. Everything else is correct.
One special note if more than one party memeber is on this quest: Everyone turns in each step of the quest before anyone starts the next section.

are there any pre-req quests to this?

Just be 75 Same concept as Ring of Blood in Nagrand, that you just had to be 65 to start the quest. Do this right away at 75, don't wait for the suggested "78 Group", because the rewards are pretty much the best you can get at that level and will last you until 80 if nothing else.

Soloed at 80 prot pally with mostly BS gear. Almost bought the farm, but when he summoned all the adds, he actually helped me out. I <3 Blessing of Sanctuary. Regenerated all my mana, which got me through the back half of the fight.

Was having an issue with this part, not sure why. We would fail half way though more often than not for no reason. We had a member of the party stay on the quest giver and re-start it while we were fighting so we were able to complete it.

Issue is now gone.

Just incase some one is wondering..

if someone (not in your party) takes first hit on any of the bosses, BUT u started the event.. you will still be able to complete the quest.. just make sure u & other members in your party **hit the boss at lease once**.

but you know.. dont be mean and let the ones (not in your party) who acked it first do all the work for nothing :P atk boss as if you were doing it for urself :)

Me too. I got the Earth elemental. Bubbled once, stay out of the stones and this should be no problem.
