This guy is pretty cool.

He gives a debuff called Smells Fishy - You smell like fish and a swarm of penguins comes and attacks you lol

Killed him as a lv76 Blood DK (alone), was easier than previous bosses.
I stayed in Blood presence, and when the penguins (and later his pet) came spread diseases and used Blood Boil Instead of Heart Strike (ofc keep diseases up and Death Strike when you can). Also used CDs when I got low on health: IT-PS-Pestilence-Vampiric Blood-DS then Empower Rune Weapon - DS-DS is a miracle :) also be sure to have some Corpse Dust and summon ghoul -> Death Pact him.

Soloed as 80 pala in quest and B5 blues. This one was a little tougher :) Concentrated on the Tuskarr, took one health potion and used trinket to heal (~2k/use). Stopped once between adds and before he popped his walrus companion to heal myself and then another time between penguins. No bubble though.
